

Welcome to the first edition of our monthly newsletter! Thank you for being with us.

We are excited to share the latest updates from Future Finance Poland as well as insights from the broader business world.

We hope that our newsletter will provide you with interesting and inspiring information. We promise to make every effort to cover everything important for the development of the Polish financial sector at both the national and international levels.

A lot has been happening, so without further ado, we invite you to dive in and enjoy the read!

President of Future Finance Poland, Paweł Widawski

Digital Payments

About specialization

- 75% of Poles pay cashless
- 99.5% of card payments in Poland are contactless transactions
- Almost every fourth payment is now made by phone

Polish payments are innovative. So, is there still room in the Polish market for further development of digital payment solutions? Definitely!

In September 2023, the Digital Payments specialization was launched as part of Future Finance Poland, under the leadership of Małgorzata Domańska from Mastercard
